Grave Knight is a Visual Novel with a storyline that changes depending on your decisions. Your choices will determine the course of the game. Every decision will impact the story and the fate of the world. The world is a realm of magic and horror, in the middle of a war. The king and his people call it the Great War, a war that has lasted thousands of years. One day, four young adventurers enter the Tomb of the Forgotten. They find the doors closed. They open the doors... and they find a dead world. A world that is plagued by monsters, goblins, ogres, trolls, skeleton warriors, viper dragonmen, sha warriors, undead, religious fanatics, and many more! They fight monsters trying to survive long enough to reach the King's warriors. You play as one of them. As you play through the game, you will face a horde of undead monstres. But monstres can be beaten. The question is - do you have what it takes to defeat the grave knight and save the world? This is a Visual Novel where you play as one of the four heroes. What's new in Midautumn:

Equinox is a time when the Northern Hemisphere is tilted toward the sun, which is reflected in the term "Autumnal Equinox" that appears in the term "midautumn." It's when the point is halfway between the Spring and Autumn solstices. You can mark this astronomical event by getting outside in the dead of night and observing the stars. But for those who like to join the frenzy of busy urban holiday season, there are places, both indoor and out, where you can enjoy the act of observing the stars while away from the crowds of the holiday season. Here are three places, in three cities, from coast to coast to help you commemorate the moment that the tilt of the Earth toward the sun

makes it easier to see the stars. The 3 day early fall festival will be held from Aug. 29 to Sept.1. In addition to the Hike to the Moon expedition we will have many stages of learning, hands-on workshops, nature hikes, horse back riding, wagon rides, dances, food, and lots of other fun activities. The Lunarctic festival is open to everyone who attends the Wanderlust Movement Festival. How to get to the festival? The walk to the moon gets participants from many places in San Francisco, Los Angeles, and San Diego. However, the easiest access to the festival is around the south beach boardwalk in Venice. We will be parked on that walkway. (Just be sure to check tide times to be sure the seas will be safe enough to drive to the coastline.) When to arrive? The Moon Walk is on Sept.1 - the full moon. The tent walls and all 4 layers of clothing are extra layers, but are sturdy and will keep us warm during the night. You should allow plenty of time to arrive at the festival because there will be huge crowds. The boardwalk isn't huge, so it will be easy to walk out from the festival and find someplace quiet to observe the moon. If you are looking at buying a Lunar Horse, you should definitely ask yourself, what are you willing to put up with in the long term to have access to these beauties? Yes, Star Trek or Star Wars collectibles are fun, but in the longer term it's Moon vs. Planet Odds. Buying a Lunar Horse is the ultimate symbol of caring about Planet Moon! The Grand Canyon and the Lunar Festival is the most amazing place for
