Sep 21, 2017 Â: Autodesk Robotic Structural Analysis Professional-2018 is a very big software, where. It also has the add-ons such as: model library.. Downloading Robot Structural Analysis Professional Crack is all simple, there is just a few steps.Q: How to set and remove an icon that is created by a menu item? i added code which makes a circle with an arrow and a closed box which is generated by my code. The arrow works perfect but i cant figure out how i can get rid of the icon that is in the box. I want to remove it when the user clicks on the menu item or the icon should appear again if he clicks it while the nav bar is active. I attached two pictures of how the nav bar looks right now and how the nav bar should look like. This is what it looks like right now (with the box icon as an image): This is what i want it to look like (without the box icon as an image): My code: Toggle navigation
