Start by selecting whether to delete all the preferences on the printer or to purge the printer cache. For more information about the purge.After letting the dust settle on its major Windows 10 November update, today Microsoft has quietly launched a new Windows 10 version 1803, or "version 1803," as part of its Semi-Annual Channel (SAKC) releases. The.1803 update includes more than 100 new fixes, along with some very minor changes such as a new default calculator. It's unlikely to be anything significant enough to warrant a major upgrade for Windows users, but for Microsoft it's just another incremental update. There are two main Windows 10 SAKC updates that Microsoft released 6d1f23a050
