im pretty sure that everyone here has already thought of this, but, what is the best position for sex? i think its not really a position, but more of a way of giving a good blowjob, so that you can cum in him. i try to put my mouth on him and then i go down to his balls, then on his cock and then, if he isnt done yet, i do it again, and again, and again. this way i can cum in him as much as i want. i do this because i want to cum in him, and not because i have to, im not into forced sex, and if i cum in him, i

cant say that i forced him to do it. i just do it, cause i want to. the best sex is the one you want. and then, if theres anything else, well, its just sex. it really depends on your partners anatomy and your comfort level. for me, anal has always been a turn off and i've rarely ever engaged in it. i'm not saying there aren't pros and cons to anal sex. but i prefer other ways to enjoy sex. i'm not saying everyone should be into anal sex, but it's up to the couple to decide what works best for them. i like to try anything different. sometimes the first time i do a certain sex position is the best experience ever, other times it might not be so much. i like to find new things so if i find one that i'm liking, i'll do it again. i don't have a "best" position for anal sex, it just depends on your relationship and your comfort level. i really like the missionary position, mostly because i was raised in a traditional catholic family. my family didn't often do anything sexual, and i never really grew up learning about sex. so i never

really learned any other positions, and that left me a little limited. so my boyfriend and i have been working on finding more positions that i can get into, and we are still working out the kinks. we are working on all positions, but because i can't find anything i like enough to do it on my own, i haven't ventured out much. this was my first time and i absolutely loved it. i also loved the fact that my boyfriend did a lot of the work, which was nice.
